BRIEF ABSTRACT OF LETTER.

Forwards a programme of ~~improvement~~ works to be undertaken by the Shimoga Committee during the year 1914-15.

NOTES AND ORDERS.

The programme has been drawn up on the assumption that not only the ~~current year~~ provision for Malwad improvements in the current year's budget but also the unspent balance out of last year's provision would be available

Serial
No.

(As per Finl Secy's
views)

II

A Supplemental
Grant of Rs 75,000
may be proposed
in the draft order given

If the provision ^{26/7} cannot
be increased, the Dy Comm.
(or chairman) will have to
be asked to cut down
the expenditure ^{new}

x Vide Statement I

x Statement II

for expenditure during this year. But orders have recently been issued in G.O. no 396-4 St/Ret 24-13-106 dated 9th July 1914 to the effect that the unspent balances of one year could not be permitted to be utilised in the ensuing year, but that the balance remaining at the end of the year 1913-14 has been taken into account in fixing the grant for the current year (1914-15). It is however learnt that a sum of Rs 1,00,000 ~~is~~ only (i.e. the same as ~~was~~ had been provided last year) has been provided in the Provisional Budget for 1914-15. Unless this provision is increased in the light of the Govt order (a copy of which has also been sent to Br II) referred to above, the Shimoga District Committee will have only a sum of Rs 50,000 available for expenditure this year; whereas the Dy Comm counts upon a sum of ^{at least} Rs 75,000 being available.

2) With reference to the items of expenditure, the following points may be noted.

(a) Item I. Estt. Rs 25,000 - (Details for this are given in a separate statement.)
The entire scale of ministerial

	Serial No.	
The file is now before the Secretary.		and executive establishments is proposed to be revised in the light of the resolutions passed at a joint Meeting of the Committees held at Arasikere on 9-5-14 and another meeting held at Mysore on 8-6-14. The
This question should be over until the revision of the Mysore Staff of Auxiliary provision now proposed to be made is in		accordance with the sanctioned scale, with slight modifications (noted in the statement)
vide flag R	officially decided June 16/17	(b) Item II. 5 Itinerant Dispensaries - at Rs 15,000
flag Q	Part this provision June 16/17	The cost of a dispensary as given by Mr. Mathan in his Memorandum is as follows -
For 5 dispensaries Initial Cost is Rs 2250 Recurring Cost for 1 year Rs 4400 Total Rs 16650		Initial cost - Rs 450. Recurring Expenditure Rs 28 80 per annum.
do	Item No V June 16/17	(c) Training of 10 midwives at Bangalore & Mysore & of 10 more in the Hospitals proposed to be constructed in the Malnad.
This has been referred to the Sen & Surgeon for opinion draft under issue.		In a separate letter recently received the Committee have stated that the Sany Comr reported that only 4 pupils could be trained at Bangalore & Mysore. Besides, it may not be possible to have the proposed Hospitals constructed & equipped, and then have midwifery pupils trained therein - all this year.
		(d) ~~the Dispensaries~~ Item No IX Improvement

11/7

5) Unless the funds set apart for the committee could be increased, the present estimates of expenditure will have to be cut down by the committee. With regard to the proposed provision of Rs 25000 for the opening out of new roads the Dy Commr may himself consult the Chief Engineer or the District Board as the case may be.

6) Item XI Loans. The question of granting loans for enabling

General and Revenue
Secretariat.Sany File No. ~~Sany~~ 7 of 1914.Serial
No.

people to build sanitary dwellings is being dealt with in another file. There are difficulties in the way of sanctioning the proposal.

7) Under the same head (VI) a sum of Rs 15000 is provided for loans to Co-operative Societies. This is said to be in connection with a scheme for the relief of agricultural indebtedness in the Malvad which is being developed by the committee.

8) It is doubtful if Govt will accord administrative sanction to these two proposals; but in the meanwhile the Comptroller may be asked if it would be possible for him to arrange for the requisite funds.

9) Whether industrial education (for which a sum of Rs 1200 has been provided) is a legitimate object for the committee to spend money upon may be considered.

12) In the budget as finally fixed, the following provisions have been made:—

(1) Maluad Improvement - 1 lakh

(2) Grant-in-aid for sinking drinking water wells in villages - 1 lakh

(3) Grant-in-aid to local funds for village improvements - 2 lakhs.

No further addition ~~expedient~~ on account of Maluad Improvement, as suggested in paras 1 and 3 above, is now possible. The Committee's programme will therefore have to be cut down unless some of the schemes (e.g. X II, X III & X IV) can be financed from the provisions made on account of items (2) and (3) referred to above.

13. The Ways and Means Estimate has also been finally fixed and is before the Council.

26 Apart from the financial objections, sufficient time must elapse to judge the capacity to work out the Malnad grant on the part of the local officers. Govt. can at any time make a supplemental grant having regard to the heavy lapses of the last official year, if the immediate future shows that such grant will be usefully spent by the Committee within the current official year for the purposes specified.

27 Hence the draft order which does not sanction the proposals of the Dy Commr based on the expectation of a larger grant than made last year & provided for in the budget this year and which requires that the programme may be suitably revised.

From,

K. Matthan, Esquire, B.A.,

Deputy Commissioner and Chairman,

Shimoga District Committee, Malnad Improvement,

SHIMOGA.

To,

D.M. Narasinga Rao, Esquire, B.A., B.L.,

Offg. Secretary to the Government of Mysore,

General and Revenue Departments,

BANGALORE.

Sir,

I have the honor to state, that at the fourth meeting of the Malnad Improvement Committee of this District, held on the 26th June, 1914, the Committee's programme of work for the current year received careful consideration.

2 A rough estimate of the cost of the operations proposed to be taken up, in this District was also prepared.

3. The programme with the estimate of cost is shown in the statement annexed to this letter.

4 The several items included in the programme, do not require much explanation. The establishment of itinerant dispensaries, the improvement of vaccination, the training of midwives, the distribution and popularisation of quinine, the dissemination of knowledge on sanitary matters, the attraction of settlers, the opening out of new communications, the development of industrial education, the promotion of Co-operative Societies, encouragement of the construction of houses on sanitary principles, sinking of wells, improving of existing sources of water supply, improving drainage, filling up pits and hollows, and clearing of rank vegetation are all included in the programme and these are all subjects within the scope of the operations of the Malnad Improvement Scheme.

5 The amounts provided under each item are the minimum with which any useful work can be accomplished. If anything, they err on the side of niggardliness. In my opinion, the provision of

Copy of Proceeds
not yet sent
to Govt.

D 351
- Saw 7-14-1

9

of Rs 10,000 for sinking new wells, Rs 2,000 for repairing existing wells, and Rs 6,000 for Sanitary Improvements will be found to be inadequate and will probably require to be doubled. The provision for loans to Co-operative Societies is in pursuance of a scheme for the relief of agricultural indebtedness in the malnad, which is being developed by the committee and the provision for loans for house-

(a) flay P building is in pursuance of the Committee's resolution No. 10 passed at its first meeting. (Vide this office letter No. 35 dated 27-6-14).

(b) worked up 9
submit separately
M.D. 26-13-100
(By I-9-7-14)
Hem No. XI
It will be seen that the total estimate for the year amounts to Rs 1,25,000. Of this, the amount proposed for loans (Rs 25,000) will not be a final charge and may, if the Government are so pleased, be provided for, in the Comptroller's Ways and Means estimate and in that case, the actual grant for the work of the Committee may be reduced to that extent.

stem No. IX 7) Rs 25,000 provided for, on account of communications is really chargeable to the P.W. Department, but it has been included here as the Committee consider it to be a very important item in the Malnad improvement operations. If this is also deducted the balance will be only Rs 75,000.

8) This amount is not found to be capable of any reduction, as the cost of the Special Staff comes to nearly Rs 25,000 for this District.

9) It is believed that as in the year 1913-14, the Government will be allotting Rs 50,000 to this District in the State Budget for the current year.

orders have been passed on this vide flay 11
10) If the proposal made by this Committee that the grant for one year, which remains unexpended should not lapse, (vide this office letter No 19 D/ 19-5-14), is accepted by the Government and the allotment be transferred to a "Malnad Improvement Fund" as has been done in the case of the grants under the Village Improvement Scheme, the budget grant of Rs 50,000 for the year together with the unexpended balance out of the last year's grant would be sufficient to provide the Rs 75,000 now required. If in addition, a sum of Rs 25,000 is provided in the Ways and Means Estimate and a sum of Rs 25,000 grant-

and suggesting that the items of Rs 25,000 for 'opening out new communications' and of Rs 25,000 for 'Loans' may be provided for in the D.P.W. budget and the Comptroller's ways & means Estimate, respectively, leaving a balance of Rs 75,000 only, to be met from the Malnad Improvement funds.

Order thereon, No 1535-40 Sanit 7-14- 9/10-8-14

The budget for 1914-15 provides for a grant of Rs 100,000 ~~only~~ for Malnad Improvement, ~~to~~ distributable among the three Malnad districts of Shimoga, Kadur & Hassan in the proportion of 5, 3 and 2 respectively, as in the year 1913-14. It is too early to consider the question of a supplemental

GENERAL AND REVENUE
SECRETARIAT.

(Continuation sheet draft form.)

10

grant, ~~now~~. If necessary, an application for such grant may be made by the end of Decr 1914 in the light of the expenditure actually incurred ^{made then} out of the ordinary allotment. The programme of works now submitted should ~~therefore~~ be ~~reconsidered~~ ^{for the present,} revised so as to provide, for an expenditure of Rs 50,000 only.

2. The question of revising both the ministerial and executive establishments is under the consideration of Govt and the provision ^{made} on this account will have to be revised ^{in due course} in accordance with the orders of Govt in the matter.

3. In regard to the improvement of communications (item no. IX of Programme), the Dy Commr ~~is requested to~~

//
may place himself in communication with the P.W. Dept and make a separate reference to Govt in that Dept.

4. It is too late ~~now~~ ^{just the} to make ~~any~~ ^{now} provision in the Compt's ways & Means Estimate for 'loans' (item No. XI) as recommended by the Dy Comr.

5. The Dy Comr is requested to prepare and submit ^{to Govt} a revised programme of work, in the light of the foregoing observations, at a very early date.

It is hoped that the Government will not find any reasonable addition to the expenditure that may be needed during the year.

B A N G A L O R E.

Sir,

Adverting to para 5 of Government Proceedings No. 1535-40 Sany. 7-14-2 dated 10th August 1914, I have the honor to forward herewith a revised programme of work of the Malnad Improvement Committee for the year 1914-15, providing for an expenditure of Rs 50,000, and to state as follows with respect to some of the principal items which have been affected by the revision.

(2) At the outset, I may state that as a reduction of 60% in the original estimate has to be effected, items No. IX, X, XI and XV of the programme, relating to "opening out new communications", "Industrial Education", "Loans to Co-operative Societies & " and "Research and scientific Investigation" have all been deleted therefrom, subject to their being taken up if a supplemental grant is sanctioned.

(3) As regards the establishment charges, for item No. I, a sum of Rs 20,000 has been provided in the revised estimate in lieu of Rs 25,000 allotted in the original estimate, in view of the necessary decrease in expenditure under the head Travelling Allowances to the District Committee Staff and non-official members, owing to the great interval at which

D15-97

which both the District Committee and the Central Committee will have to meet hereafter, under Government Order dated 11th July 1914.

(4) The cost for the establishment of itinerant dispensaries (item No. II) has been cut down to a third of what it was estimated before, considering that sanction of Government may not be received or the works may not be taken in hand, earlier than the end of February next.

(5) With reference to the award of scholarships to train pupils in Midwifery a sum of Rs 800/- has been put down in the estimate in view of the fact that only 4 instead of 10 as contemplated in the original estimate, can be sent out, for want of sufficient accommodation.

(6) Regarding the measures for attracting settlers to the Malnad, a sum of Rs 1000/- only has been allotted for the purpose, and it is believed that this amount may be sufficient for the current year.

As it is very desirable that the Committee should work with a definite sanctioned programme, for its guidance, I request that you will kindly obtain the early sanction of Government to the revised programme under reference.

I have the honor to be,

Sir,

Your most obedient servant,

K. A. M. A. S.

K Deputy Commissioner & Chairman,
Malnad Improvement Committee,

Shimoga.

C.N.R.
